IOSH Working Safely Course (1 Day)

Business Benefit

This one day IOSH accredited programme trains employees to ensure their actions contribute to health and safety in the workplace and is suitable for personnel with little or no knowledge of health and safety.

Who Should Attend?

- Anyone who needs to know more about their responsibility for health and safety.

Learning Objectives

By the end of this course you will be able to...

- Introducing working safely
- Defining hazard and risk
- Identifying common hazards
- Improving safety performance
- Protecting our environment
- Pass a written and Practical assessment

Course Content

- Carry out work activities without risk to themselves or others and understand the consequences to both the individual and their organisation if they fail to work safely.
- Identify hazards, risks and risk controls and understand the importance of risk assessment with examples of everyday use of the risk assessment.
- Understand how to take appropriate workplace precautions and their importance in the working environment.
- Appreciate the importance of a health and safety management system.
- Identify lines of communication with respect to health and safety in their place of work.
- Identify safety signs and signals.
- Understand emergency, accident plans and procedures and how and who to report accidents, incidents and near misses to in their place of work.
- Recognise how industry affects the environment and how individuals can minimise pollution and waste.

The EQV Promise

We ensure that our courses are well received and are delivered by trainers that have actual commercial competency in their chosen subject.

Not only is this essential for our accreditation purposes but it ensures that the trainers will be able to include relevant experiences they themselves have learnt from. This generates appropriate engagement and empathy in the training environment.

When the course is completed we will report back to you about how the training has been received and can indeed evaluate the training right from start to finish after the skills transfer period. This information can come from your account manager who is your main point of contact at all times.

Our Training Centre

Set in the heart of beautiful rolling Leicestershire countryside, our idyllic training facilities not only provide attendees with the perfect environment to concentrate on their individual learning experience but also provide the practicality of ample parking and fully designed and equipped training rooms.

You will be greeted upon arrival by our training coordinator who is your point of contact throughout the day should have any specific queries.

A delicious buffet lunch is provided catering for a variety of dietary needs.

The EQV Experience

Our training courses take the attendee on a journey of learning and development. Throughout the course everyone is engaged in a stimulating and participative way.

Our courses are designed to encompass many different kind of learning activities making sure they appeal to different natural styles of learning that individuals have.

Activities may include a selection of syndicate work, discussion, pair work, case studies, games, role play, quizzes and presentations.

During the event an individual works on their own implementation plan so that they have a clear plan of how they are going to support their own skills transfer back in the workplace. Whilst it is important for the attendees to enjoy the workshop we want to ensure they apply as much as possible back in the workplace.
