Information Gathering, Analysing and using for Decisions

(Ref BS-PD-IGAD)

(1 Day)

Business Benefit

Taking a 'stab in the dark' is not the best way of making important business decisions. Mistakes can be costly and making informed decisions becomes increasingly important in today's commercial world. This course is designed to equip delegates with the skills necessary to gather together and make sense of, the information required to make those 'informed decisions'.

Who Should Attend?

- All professionals who wish to adopt a structured approach to their decision making process.

Learning Objectives

By the end of this course you will be able to...

- Understand the need for information.
- Understand what type of information is required.
- Demonstrate techniques for collecting data.
- Demonstrate techniques for validating data.
- Explain the use of tables, charts and diagrams.
- Describe the use of decision making models.
- Develop an implementation plan.

Course Content

- The importance of information.
- Objective and subjective information.
- Collecting and validating data.
- Using tables, charts and diagrams.
- Using decision making models.
- Creating your personal implementation plan.

Price: **£395**
per person

The EQV Promise

We ensure that our courses are well received and are delivered by trainers that have actual commercial competency in their chosen subject.

Not only is this essential for our accreditation purposes but it ensures that the trainers will be able to include relevant experiences they themselves have learnt from. This generates appropriate engagement and empathy in the training environment.

When the course is completed we will report back to you about how the training has been received and can indeed evaluate the training right from start to finish after the skills transfer period. This information can come from your account manager who is your main point of contact at all times.

The EQV Experience

Our training courses take the attendee on a journey of learning and development. Throughout the course everyone is engaged in a stimulating and participative way.

Our courses are designed to encompass many different kind of learning activities making sure they appeal to different natural styles of learning that individuals have.

Activities may include a selection of syndicate work, discussion, pair work, case studies, games, role play, quizzes and presentations.

During the event an individual works on their own implementation plan so that they have a clear plan of how they are going to support their own skills transfer back in the workplace. Whilst it is important for the attendees to enjoy the workshop we want to ensure they apply as much as possible back in the workplace.

Our Training Centre

Set in the heart of beautiful rolling Leicestershire countryside, our idyllic training facilities not only provide attendees with the perfect environment to concentrate on their individual learning experience but also provide the practicality of ample parking and fully designed and equipped training rooms.

You will be greeted upon arrival by our training coordinator who is your point of contact throughout the day should have any specific queries.

A delicious buffet lunch is provided catering for a variety of dietary needs.

What Delegates Say about this course

"To date one of the best we have had"

"A very good training session, I have learnt much that can be applied to my job"

"Great course, very enjoyable"
