Team Activity - Team building with a difference

(1 Day)

Business Benefit

Effective teamwork is one of the cornerstones to productivity. A well lead, cohesive team can not only produce excellent results but do so consistently. This team building event is aimed at letting people experience how a team works in a fun but challenging environment, then during the debriefing sessions the lessons to be learned are explored and reinforced. Using the resources of the National Space centre means we can give the attendees a different experience whilst still concentrating on the benefit to your business.

Who Should Attend?

Anyone who is looking to make a group into a team, or improve a teams performance.

Content of the Team Day

Morning Session 09:30 – 12:00

Challenger Learning Centre - Pioneer Mission

For crews of between 8 - 14 people, the whole team is launched into space for the duration of the mission. Flight directors take on the mission control roles. Problems in space will be of concern to the astronauts.

The mission focuses on communication, teamwork and working together towards a common purpose and will be tailored to meet your objectives.

Includes problems and challenges that will stimulate thinking and force people to evaluate their strengths and weaknesses in a team environment.

Afternoon session 13:00 – 16:30

An experienced EQV tutor facilitates a consolidation session where the information from the morning session is evaluated and applied to the attendee's real world experiences.

Team building concepts and best practices will be given to illustrate the topics.

Dates: **Please call for details**

Price: **£975**
For up to 14 people
+ Lunch costs

The EQV Promise

We ensure that our courses are well received and are delivered by trainers that have actual commercial competency in their chosen subject.

Not only is this essential for our accreditation purposes but it ensures that the trainers will be able to include relevant experiences they themselves have learnt from. This generates appropriate engagement and empathy in the training environment.

When the course is completed we will report back to you about how the training has been received and can indeed evaluate the training right from start to finish after the skills transfer period. This information can come from your account manager who is your main point of contact at all times.

Our Training Centre

Set in the heart of beautiful rolling Leicestershire countryside, our idyllic training facilities not only provide attendees with the perfect environment to concentrate on their individual learning experience but also provide the practicality of ample parking and fully designed and equipped training rooms.

You will be greeted upon arrival by our training coordinator who is your point of contact throughout the day should have any specific queries.

A delicious buffet lunch is provided catering for a variety of dietary needs.

The EQV Experience

Our training courses take the attendee on a journey of learning and development. Throughout the course everyone is engaged in a stimulating and participative way.

Our courses are designed to encompass many different kind of learning activities making sure they appeal to different natural styles of learning that individuals have.

Activities may include a selection of syndicate work, discussion, pair work, case studies, games, role play, quizzes and presentations.

During the event an individual works on their own implementation plan so that they have a clear plan of how they are going to support their own skills transfer back in the workplace. Whilst it is important for the attendees to enjoy the workshop we want to ensure they apply as much as possible back in the workplace.
